

WWII Data Analysis: UPDATE

California CCSS ELA Standards Alignment

OBJECTIVES	CODE ASSIGNMENTS	HIGH CONFIDENCE	GRADE BAND
13 9 aligned · 4 not	20 14 distinct standards	0 1 med · 19 low	— inferred from context

Auto-curated via run_alignment.py (heuristic mode, no LLM in the loop).

Section 1: V1 Project Setup

Data Test

****Do not continue until this task passes with all points earned. **** This task ensures your project is set up correctly and always has the correct data in the correct location. Press the evaluate button and only continue if you earn all points for this task. If you do not, watch the "Recover Video" and follow the steps.

Note: logistical/operational objective, no ELA standard applies

logistical/operational objective, no ELA standard applies

Section 2: Functions

Total Military Personnel

Use the SUM() function to calculate the total number of Military Personnel in the cell range C3:C10 . Locate cell C11 and insert a SUM() function. Use the cell range C3:C10 as the value1 argument. Watch the task video for step-by-step guidance. You can use Prompt#01: Understand Instructions In Context in the project resource file for help with these instructions.

sections[1].objectives[0]

SL.K.2.a	SL	categorized-standardsCaliforniaCA-ELA	Grade K	Comprehension and Collaboration	50 / 100 LOW
Understand and follow one- and two- step oral directions.					
WHY THIS MAPS					
matched rule: \b(argument argu(e ing))thesis claim opinion persu					
W.1.7	W	categorized-standardsCaliforniaCA-ELA	Grade 1	Research to Build and Present Knowledge	50 / 100 LOW
Participate in shared research and writing projects (e.g., explore a number of “how-to” books on a given topic and use them to write a sequence of instructions).					
WHY THIS MAPS					
matched rule: \b(argument argu(e ing))thesis claim opinion persu					

Total Military Deaths

Copy the formula in cell C11 and paste it into cell D11 . Watch the task video for step-by-step guidance. You can use Prompt#01: Understand Instructions In Context in the project resource file for help with these instructions.

Section 4: More Functions

Absolute References

Locate cell D14 and insert a MAX() function. Use an absolute row reference (\$) to define the row numbers in the range of E3:E10 .
EXAMPLE: = MAX(value1)
sections[3].objectives[0]

L.3.1.a	L	categorized-standardsCaliforniaCA-ELA	Grade 3	Conventions of Standard English	50 / 100 LOW
Explain the function of nouns, pronouns, verbs, adjectives, and adverbs in general and their functions in particular sentences.					
WHY THIS MAPS

L.7.1.a	L	categorized-standardsCaliforniaCA-ELA	Grade 7	Conventions of Standard English	50 / 100 LOW
Explain the function of phrases and clauses in general and their function in specific sentences.					
WHY THIS MAPS					
TF-IDF top match					

XLOOKUP Function

Locate cell E14 and insert an XLOOKUP() function. Use a relative cell reference to define the search_key argument. Use an absolute row reference (\$) to define the lookup_range and result_range arguments. EXAMPLE: = XLOOKUP(search_key , lookup_range , result_range) search_key = Highest Casualty Rate cell lookup_range = Casualty Rate range result_range = Country range
sections[3].objectives[1]

W.3.1.c	W	categorized-standardsCaliforniaCA-ELA	Grade 3	Text Types and Purposes	70 / 100 MEDIUM
Use linking words and phrases (e.g., because, therefore, since, for example) to connect opinion and reasons.

Section 5: Applied Knowledge & AI

AI & Critical Thinking

Use what you learned in previous tasks and AI to write formulas in cell range D18:E20 that return correct values. You must use absolute row references (\$) where appropriate and the following functions to accomplish this task. MAX(), MIN(), AVERAGE(), and XLOOKUP() . No static value allowed. Use the following prompt from the resource File. Prompt#10: Visual Analysis of a Spreadsheet for Formula Help Prompt#10.1: Help with Visual Analysis Formulas

```
sections[4].objectives[0]
```

SL.K.3	SL	categorized-standardsCaliforniaCA-ELA	Grade K	Comprehension and Collaboration	50 / 100 LOW
Ask and answer questions in order to seek help, get information, or clarify something that is not understood.					
WHY THIS MAPS					
TF-IDF top match					

RI.1.4	RI	categorized-standardsCaliforniaCA-ELA	Grade 1	Craft and Structure	50 / 100 LOW
Ask and answer questions to help determine or clarify the meaning of words and phrases in a text. (See grade 1 Language standards 4–6 for additional expectations.)					
WHY THIS MAPS					
TF-IDF top match					

RST.9-10.10	RST	categorized-standardsCaliforniaCA-ELA	Grade 9-10	Range of Reading and Level of Text Complexity	50 / 100 LOW
By the end of grade 10, read and comprehend science/technical texts in the grades 9–10 text complexity band independently and proficiently.					
WHY THIS MAPS

Section 7: Reflection

Data Reflection

You must use ChatGPT or Grok for this task because they allow free users to upload Google Spreadsheets for analysis. Watch the task video for step-by-step instructions. Use the Prompt#05: Data Analyst and Tutor from the resource file for help. Update the prompt, then use it with your Google Sheet to get Data and Historical analysis from an AI chatbot. Locate cell B23 and write your own reflection on the experience of learn about data from an AI chatbot. Do not use AI to write this. Minimum of 100 words.

sections[6].objectives[0]

Note: reflective/metacognitive objective, no ELA standard applies

reflective/metacognitive objective, no ELA standard applies

Spreadsheet Reflection

Locate cell B30 and write your own reflection on the experience using spreadsheets in a World History class. What did you learn? What did you already know? What did you find most interesting or useful? How do you see yourself using spreadsheets in the future? Do not use AI to write this. Minimum of 100 words.

sections[6].objectives[1]

Note: reflective/metacognitive objective, no ELA standard applies

reflective/metacognitive objective, no ELA standard applies

AI Reflection

Locate cell B44 and write your own reflection on the experience using AI on this project. You must address four guiding questions below. Also, weave in the the activities covered in this project. What you learned What you already knew. What you found most interesting or useful How you expect to use AI in the future Do not use AI to write this. Minimum of 100 words.
